

I am the Marketing Director of AM 580 WDBO, a News/Talk radio station in Orlando. For over 80 years, we have been providing Central Floridians with vital information including local news, weather and traffic. In addition, we are the number one choice for Emergency Weather information. We produce local programming that includes a number one rated Morning Show, Weeekend programs and programs that deal with local politics, events and social issues.

Regards,

Rich Mastroberte
